

RONBOW

CABINETRY MADE PERSONAL

About Our Company

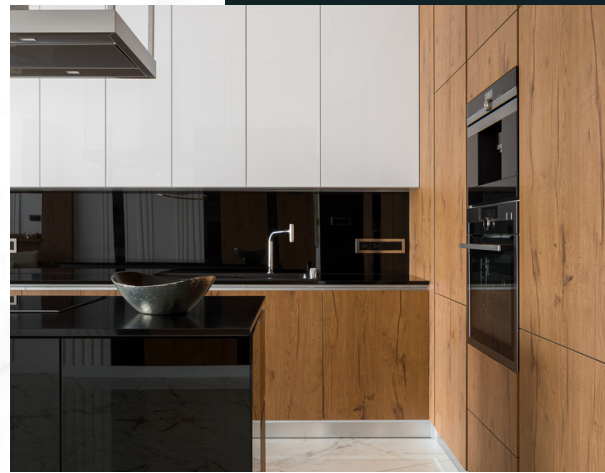

Since 2002, Ronbow has been producing extraordinary, award-winning cabinetry products. Located in Northern California, we're a customer-centric company with a driving passion for design, quality, and innovation.

Because of our desire to innovate the cabinet industry, we recently shifted focus from off-the-shelf production towards providing fully custom cabinet solutions, made in the US. Now, we're Venture-backed, and rolling out stores nationwide as a premier specialty cabinet retailer.

By eliminating the middleman and offering direct from our manufacturing facility, we are able to offer industry-fast lead times, customization without limits, all while ensuring the highest level of quality and craftsmanship. At Ronbow we make custom easy.

By leveraging years of experience, we offer distinct value by guiding our customers through a simple and easy design process. We believe each person and project is unique, so we take the time to learn about our customers' needs. Thus, we enable people to bring profound designs to life, resulting in state-of-the-art living spaces specifically suited to their lifestyles.

Our Vision

Everyone can create a space that suits their unique lifestyle, then live in it.

That starts in the kitchen, which is the heart of any home. We gather here for nourishment and to spend time with the people we care about most. Creating a well-designed space eliminates the unnecessary and leaves only a sense of connection behind.

Our Mission

Passion for craftsmanship drives us to innovate with the latest technology, which is at the heart of everything we do.

- Each person has unique needs
- Craftsmanship matters
- Take a practical approach to complex problems
- Spaces are meant to evolve
- Technology enables

People have adapted to their spaces over time, making accommodations along the way limited by the industry's outdated processes and technology.

We aim to bridge that gap between people and their spaces

We Believe

01 Craftsmanship Matters

We design our products with the highest attention to detail. Every millimeter is crafted and cross referenced to maximize space and efficiency.

02 Technology Enabled

Ronbow uses technology to make the unconventional possible with our proprietary software. Our machines are directly integrated with software for added functionality.

03 Each Person is Unique

Every project requires a custom solution. Each person has a unique lifestyle which provides us the motivation to craft meaningful designs.

04 Design Driven

Beauty is in the design, as well as functionality. There are no compromises in style, as design drives us to build what has not been built before.

Product Overview

With our extensive selection of wood, laminate and other materials, we can accommodate any design style and budget to turn your dream space into a reality. Ronbow cabinets are crafted for both style and durability, offering many advantages over your local "mom and pop" retailers. Ronbow's European frameless style cabinets have won international design awards, and continue to be the preferred luxury design choice.

Kitchen. Bath. Closet.

It starts in the kitchen, but we also provide custom bathroom and closet solutions.

Mix & Match

There is no "one size fits all" with Ronbow. We can mix and match styles, colors, and finishes to accomplish a truly unique space.

Product Examples

All cabinet boxes are constructed with $\frac{3}{4}$ " thick; tops, sides, bottoms and backs. Box components are joined with dowels. All exposed surfaces are smoothly finished.

The material the boxes are built from are offered in a variety of options, ranging from many different types of plywood, to particle board clad with classic and luxury laminates in varying colors and textures.

- All drawers come standard with Blum or equivalent European glides, which are under mounted, and are full extension and soft closing.
- Our Standard 110 degree opening hinges are Blum (or equivalent European hinges) which are concealed, with built in soft close, and are six way adjustable.

Bay Area Showrooms

Our showrooms are the best way to experience the Ronbow Difference. When you visit our state-of-the-art showrooms, you can immediately feel every detail of quality put into our cabinet designs. Stop by to be amazed by our award-winning vanities, modern closets, and multiple kitchens. The showrooms below are a great way to get to know Ronbow designers through a consultation, and get inspired for a remodel project.

What's Next?

We've just recently shifted our business model because we are passionate about providing custom cabinets that are both high-end and affordable. What's next is that we continue to grow!

As we grow, we will open up several new showrooms in the Bay Area, CA. One by one we will pop up in local communities, offering solutions, design consultations, and more.

Community integration is priority #1

The community truly is where we're heading next. Because we're more than a cabinet company. We've worked for years to produce cabinets that inspire, which ultimately serve to create one thing - connections that last a lifetime.

If you want to learn more, or simply stay connected, please visit us at one of our many showrooms, or visit our website!
